***Come back Liza, come back girl, wipe the tear from me eye***

I remember when love was new, water come to me eye  
 There was one, but now there's two, water come to me eye *(Chorus)*

When the evening starts to fall, water come to me eye  
 I need to hear my Liza's call, water come to me eye *(Chorus)*

Standing there in the marketplace, water come to me eye  
 Soon I'll feel her warm embrace, water come to me eye *(Chorus)*

In the shadow I stand a while, water come to me eye  
 Soon, I'll see my Liza's smile, water come to me eye *(Chorus)*
