```
         G     C          G     C     G    C  G  C
I've got every reason on earth to be mad,
  G          C         G    C      D
cause I just lost the only girl I had
C
If I could my way, I'd get myself locked up today;
      G     C         D     G     C   G   C
but I can't, so I'll cry instead.

        G          C                G     C       G     C  G   C
I got a chip on my shoulder that's bigger than my feet,
  G     C       G      C      D
I can't talk to people that I meet
C
If I could see you now, I'd try to make you sad somehow;
      G    C          D     G    C  G
but I can't, so I'll cry instead.

            Bm
Don't wanna cry when there's people there,
      A
I get shy when they start to stare;
    D                              E7                A7
I'm gonna hide myself away, but I'll come back again
     D7
some day

    G              C      G    C       G     C  G  C
And when I do you better hide all the girls,

```
   G          C           G          C         D
cos I'm gonna break their hearts all round the world
C
Yes I'm gonna break 'em in two,
    C↓
and show you what your loving man can do;
      G   C     D     G     C   G
until then I'll cry instead.
