Says something like, "You and me, babe, how about it?"
D Bm A
Juliet says, "Hey, it's Romeo, you nearly gave me a heart attack"
D A Bm G
He's underneath the window, she's singing, "Hey, la, my boyfriend's back
A G A D
You shouldn't come around here singing up at people like that
G A
Anyway, what you gonna do about it?"

[Chorus]
D A Bm A G
"Juliet, the dice was loaded from the start

```
    A D   A          Bm          A  G
And I bet, and you exploded into my heart
    A    D      A  G  Bm          G
And I forget, I forget  the movie song
Em                              G                   A         Bm A D        A
  When you gonna realize it was just that the time was wrong,      Juliet?"

[Refrain]
G A D A G A

[Verse 2]
D                               Bm                                  A
 Come up on different streets,  they both were streets of shame
D                 A    Bm                        G            A
 Both dirty, both mean,  yes, and the dream was just the same And I dreamed your dream for
G
    A                    D G
you and now your dream is   real
                               A
How can you look at me as if I was just another one of your deals?
             D                          Bm                                  A
When you can fall for chains of silver  you can fall for chains of gold
D                               A   Bm             G
 You can fall for pretty strangers  and the promises they hold
A                            G A                D
 You promised me everything,   you promised me thick and thin, yeah
G                                               A
 Now you just say "oh, Romeo, yeah, you know I used to have a scene with him"

[Chorus]
     D  A                   Bm        A   G
"Juliet, when we made love,  you used to cry
    A       D                 A                 Bm             A    G
You said 'I love you like the stars above, I'll love you till I die'
A         D     A  G   Bm                   G
There's a place for us,  you know the movie song
Em                              G                   A         Bm A    D   A
  When you gonna realize it was just that the time was wrong,    Juliet?"

[Refrain]
G A D A G A

[Verse 3]
D                    Bm                         A
 I can't do the talk  like they talk on the T V
D                           A Bm                   G
 And I can't do a love song    like the way it's meant to be
```

```
A                      G        A                   D
 I can't do everything but I'd do anything for you
G                               A
 I can't do anything except be in love with you
D                         Bm                          A
 And all I do is miss you  and the way we used to be
D                          A Bm        G
 All I do is keep the beat    and bad company
A                     G A                       D
 All I do is kiss you   through the bars of a rhyme
G                                A
 Julie, I'd do the stars with you any time

[Chorus]
         D  A             Bm           A   G
But "Juliet, when we made love you used to cry
         A    D               A                 Bm             A    G
You said 'I love you like the stars above, I'll love you till I die'
     A    D     A  G  Bm             G
There's a place for us  you know the movie song
Em                                 G                  A         Bm A  D     A
  When you gonna realize it was just that the time was wrong ,   Juliet?"

[Refrain]

He says something like, "You and me, babe, how about it?
